

Vigo, 18 April 2024

To whom it may concern,

As Coordinator of the Marie Skłodowska-Curie Doctoral Network Quantum-Safe Internet (QSI), hereby I confirm that the Project Officer of the Project has informed us that, since the European Commission does not require time sheets for the Doctoral Candidates, it is recommended to limit this to a minimal to ensure that they are not distracted by it and can focus on their actual work within the project.

Yours sincerely,

Marcos Curty  
Professor  
*Universidad de Vigo*
